Inspire a child to read and spark their Imagination

Proceeds from this event are used to purchase books that are donated to children throughout our community. The *New York Times* reported that over 400,000 children do not have books. So, let's put books in their hands, sparking their imagination and curiosity. Each month the foundation gives away 1,700 new books to children in our community. These books can inspire the children to read more, while enhancing their reading skills and allowing them to discover new places and participate in an adventure, as their imagination soars to new heights.

Please join us in our continuing efforts to inspire and bring bigger smiles to our children so that they may succeed and make the choice to live a life that matters.
