

Dear Friends,

As we celebrate **20 years** of the Scott Spino Foundation, we're filled with gratitude for everything we've achieved together. Thanks to your unwavering support, we've been able to accomplish more than we ever imagined while honoring Scott's legacy.

Twenty years ago, we experienced the devastating loss of our son, Scott—a beloved teacher and coach in the Rochester City School District. His passion for making a difference in children's lives inspired us to create the Scott Spino Foundation in 2004. Our mission has been to invest in today's youth by supporting education, coaching, and mentoring in our community.

With your help, we've kept Scott's legacy alive through meaningful initiatives, including:

- Distributing over 120,000 new books through our Literacy Program**
- Providing more than 20,000 coats, blankets, and winter accessories through The Warm Project**
- Awarding \$20,000 in scholarships to deserving students**

Thanks to **your generosity**, the foundation is in a strong financial position.

In 2025, we will host our final Golf Tournament and Bunco events, but the foundation will continue to support our Literacy, Warm, and Scholarship programs. While we won't hold fundraising events moving forward, donations are always welcome to help us continue this important work.

Your ongoing enthusiasm and support mean the world to us. As an all-volunteer nonprofit, we rely on your contributions of time and money to sustain our efforts.

In our hearts, Scott remains a cherished son, brother, friend, teacher, and coach. Thank you for keeping his spirit alive and thriving.

With love and heartfelt gratefulness,

Geri
