Give a book, change a life.

Proceeds are used to purchase books for children throughout our community. The *New York Times* reported that over 400,000 children do not have access to books. The Foundation puts books in their hands; sparking their imagination and curiosity. Each month, we donate 1,700 new books to children in our community, encouraging them to read more and enhancing their reading skills. Books allow them to discover new places and participate in an adventure that is only limited by their imagination. **Please join us in our continuing efforts to inspire and bring bigger smiles to our children so that they may succeed and make the choice to live a life that matters.**
